

Recovery-oriented services to help regain a sense of purpose and control for those living with mental illness.

Make a life-changing decision... partner with Sunrise today.

Our Partnership

Sunrise Community Behavioral Health provides a variety of treatment and support programs, helping people with mental illness remain in their community. We want our clients to progress toward wellness and true recovery. Because each person's needs are unique and each person's vision of recovery is unique, we work together to build a customized plan that is equally unique.

Sunrise, Your Partner

Sunrise has over 30 years of experience providing supports for persons with mental health diagnoses. We also connect people with services and benefits. Our qualified professionals and our extensive network of relationships with other community supports can help you find solutions that last.
